NOTE A - BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and notes required by generally accepted accounting principles for complete financial statements. Similarly, the 2000 year-end consolidated balance sheet was derived from audited financial statements but does not include all disclosures required by generally accepted accounting principles. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the six months ended June 30, 2001 are not necessarily indicative of results that may be expected for the year ending December 29, 2001. For further information, refer to the consolidated financial statements and notes included in the Company's Annual Report on Form 10-K for the year ended December 30, 2000.

NOTE B - ACQUISITIONS

The Company completed several acquisitions during 2000. The following pro forma results of operations for the second quarter and six months of 2000 (restated) assume that each of these acquisitions had occurred at the beginning of 2000 (in thousands, except per share amounts):

Similarly, options to purchase 5.1 million shares and 6.5 million shares of Common Stock were excluded for the second quarter and six months of 2000, respectively.

NOTE F - COMPREHENSIVE INCOME

Comprehensive income consists of net income from operations, plus certain changes in assets and liabilities that are not included in net income but are instead reported within a separate component of shareholders' equity under generally accepted accounting principles. The Company's comprehensive income was as follows (in thousands):

</TABLE>

The impact of foreign currency translation adjustments was due to the strengthening of the U.S. dollar in relation to the currencies of most European countries where the Company has operations.

NOTE G - CAPITAL

Common shares outstanding are net of shares held in treasury, and in substance retired, of 27,140,946 at June 30, 2001, 25,139,879 at December 30, 2000 and 23,139,897 at July 1, 2000. In addition, 302,508, 311,608 and 344,608 shares of VF Common Stock held in trust for deferred compensation plans are treated for financial accounting purposes as treasury stock at each of the respective dates.

There are 25,000,000 authorized shares of Preferred Stock, \$1 par value. Of these shares, 2,000,000 were designated as Series A, of which none have been issued, and 2,105,263 shares were designated and issued as 6.75% Series B Preferred Stock, of which 1,519,713 shares were outstanding at June 30, 2001, 1,570,301 at December 30, 2000 and 1,612,398 at July 1, 2000.

NOTE H - RECENT ACCOUNTING PRONOUNCEMENTS

During the fourth quarter of 2000, the Company changed its accounting policy for recognizing sales in accordance with the SEC's Staff Accounting Bulletin No. 101, Revenue Recognition in Financial Statements. The cumulative effect of this change in policy on net income of \$6.8 million, or \$.06 per share, was reported as a charge as of the beginning of 2000. As a result, the Company has restated its financial statements for each of the first three quarters of 2000.

Effective at the beginning of the first quarter of 2001, the Company adopted FASB Statement No. 133, Accounting for Derivative Instruments and Hedging Activities, and related amendments. This Statement requires that all derivatives be recognized as assets or liabilities on the balance sheet and measured at their fair value. Changes in the fair value of derivatives are recognized in either net income or in other comprehensive income, depending on the designated purpose of the derivative.

Due to the limited use of derivative instruments prior to 2001, the effect of adopting this Statement at the beginning of the first quarter of 2001 was not significant. Derivatives outstanding at the beginning of the year, all of which expired in the first quarter, were not designated as hedges, so unrealized gains of \$.6 million at the beginning of 2001 were recorded in cost of products sold.

Beginning in 2001, the Company expanded its use of foreign currency forward exchange contracts to hedge against the effects of exchange rate fluctuations on forecasted cash flows. The Company does not use derivative financial instruments for trading or speculative purposes. Use of hedging contracts allows the Company to reduce its overall exposure to exchange rate movements, since gains and losses on these contracts will offset losses and gains on the transactions being hedged. The Company formally documents all hedged transactions and hedging instruments, and assesses, both at the inception of the contract and on an ongoing basis, whether the hedging instruments are effective in offsetting changes in cash flows of the hedged transactions. The Company hedges an average of 50% of its significant foreign currency cash flows relating to inventory purchases and sales, operating expenses and intercompany royalty payments anticipated for the following twelve months. During the six months of 2001, the Company recognized additional net gains of \$1.9 million, primarily in cost of

products sold, for hedging contracts that had matured. The total notional value of foreign exchange contracts outstanding at June 30, 2001 was \$57.0 million. At that date, the Company had net deferred gains of \$6.5 million included in accumulated other comprehensive income, which amount is expected to be reclassified to net income during the next twelve months as the hedged transactions are recognized in earnings.

On June 29, 2001, the Financial Accounting Standards Board issued Statement No. 141, Business Combinations, and Statement No. 142, Goodwill and Other Intangible Assets, which are required to be adopted by the Company at the beginning of 2002. Management is currently evaluating the effects of these Statements.

VF CORPORATION
MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS

Consolidated sales decreased slightly for the second quarter and increased 2% for the six months ended June 30, 2001, compared with the comparable periods in 2000. Sales comparisons benefited by \$63 million of incremental sales in the 2001 quarter and \$183 million in the 2001 six months related to businesses acquired in 2000. Partially offsetting this were sales of \$27 million in the 2000 quarter and \$53 million in the 2000 six months related to Wrangler Japan and occupational apparel product lines exited in the fourth quarter of 2000. Also, in translating foreign currencies to the U.S. dollar, a stronger U.S. dollar reduced sales comparisons by \$6 million in the quarter and \$21 million in the six months and reduced earnings per share by \$.01 for the six months of 2001.

Gross margins were 33.8% of sales in both the 2001 quarter and six months, compared with 34.8% and 34.3% in the same 2000 periods. Gross margins declined in both 2001 periods due to expenses for downtime incurred primarily in domestic jeanswear manufacturing plants to help align inventory levels with expected sales volumes. Margins were also lower at the Company's swimwear and children's playwear marketing units. Also impacting the overall comparisons were the higher gross margins earned in the Outdoor businesses, which include The North Face and Eastpak businesses acquired near the end of the second quarter of 2000.

Marketing, administrative and general expenses were 23.3% of sales in the quarter and 23.2% in the six months of 2001, compared with 24.2% and 23.7% in the 2000 periods. Expenses as a percent of sales declined in most business units. Also impacting the comparison is the higher level of expenses as a percent of sales at The North Face and Eastpak, which sell to upper tier distribution channels that traditionally require higher levels of marketing expenditures.

Other operating expense, which includes amortization of intangible assets and net royalty income, increased in 2001 due to amortization of intangible assets related to the businesses acquired in 2000.

Net interest expense increased in 2001 due to higher average borrowings to acquire several businesses in 2000, as well as higher overall interest rates on the Company's short and long-term debt.

The effective income tax rate for the first half of both 2001 and 2000 was 37.5%, based on the expected rate for the year.

Income before the cumulative effect of a change in accounting policy decreased by 8% in the quarter and 4% in the first six months of 2001, while diluted earnings per share decreased by 6% and 2%, respectively, reflecting the benefit of the Company's share repurchase program. The 2000 acquisitions had a \$.01 dilutive effect on earnings per share for the first half of 2001 compared with the 2000 period. These acquisitions are expected to contribute \$.12 to earnings per share for the full year 2001 compared with 2000.

INFORMATION BY BUSINESS SEGMENT

The Consumer Apparel segment consists of jeanswear, women's intimate apparel, swimwear and the children's apparel businesses. Overall, this segment's sales decreased by 2% for the quarter and 1% for the first six months of 2001, compared with the 2000 periods. Domestic jeans sales were flat in the quarter and six months, with increases in the Company's Mass Market business offset by a decline in the Western business in the first quarter and a decline in the Lee brand in the second quarter. International jeanswear sales, including the negative effects of foreign currency translation, were flat in the quarter and six months, with the addition of the H.I.S business acquired in late 2000 offsetting elimination of the Wrangler business

11

in Japan. Domestic intimate apparel sales increased 3% in the quarter and 4% in the six months, with increases in the Vanity Fair, Lily of France and private label businesses. Sales declined in the quarter and six months in international intimate apparel. Sales also declined approximately 18% in the quarter and 13% in the six months in the Company's domestic swimwear and playwear businesses, both of which sell primarily to the department store channel which is currently the weakest channel for retail apparel sales. Segment profit declined in both 2001 periods due to expenses related to downtime in domestic jeanswear manufacturing facilities to align inventories and lower profits in our swimwear, playwear and Latin American jeanswear businesses.

The Occupational Apparel segment includes the Company's industrial, career and safety apparel businesses. Sales decreased during the quarter and six months due to weakness in the domestic workwear market and the exit of regional catalog, linens and other product lines in the fourth quarter of 2000. Although still below historical levels, segment profit has improved in the most recent quarter from elimination of losses of discontinued product lines and benefits of restructuring actions taken.

The All Other segment includes the Company's knitwear, daypack and outdoor businesses. Sales increased due to the acquisitions of The North Face and Eastpak in May 2000. Segment profit increased in 2001 in the JanSport business and in the acquired businesses. Segment profit also increased in our knitwear business due to lower cost sourcing, although difficult market conditions and pricing pressures continue in the knitwear industry. Due to the seasonal nature of the businesses comprising this segment, the low level of profitability in the first six months of a year is not necessarily indicative of expected full year results.

The decline in corporate and other expenses results from higher expenses in the prior year related to cost reduction efforts and lower shared services and information systems expenses in the 2001 periods.

Management will continue to evaluate its underperforming units. Any actions resulting from this evaluation could have an impact on operating results.

FINANCIAL CONDITION AND LIQUIDITY

The financial condition of the Company is reflected in the following:

<TABLE>
<CAPTION>

	June 30 2001	July 1 December 30 2000	2000 (Restated)
	----	----	-----
	(Dollars in millions)		
<S>	<C>	<C>	<C>
Working capital	\$1,196.3	\$1,103.9	\$574.7
Current ratio	2.2 to 1	2.1 to 1	1.3 to 1
Debt to total capital	34.6%	34.7%	36.7%

</TABLE>

Accounts receivable at the end of the second quarter of 2001 are lower than at the same period in 2000 due to an improvement in the number of day's sales

outstanding. Receivables are higher than at the end of 2000 due to seasonal sales patterns.

Inventories at the end of the second quarter of 2001 are 2% higher than at the comparable date in 2000, which is an improvement over the 14% year-over-year increase at the end of the first quarter. Excluding businesses acquired in the last half of 2000, inventory balances at June 2001 were flat. Management believes that the Company is on target to reduce inventories by as much as \$100 million by the end of 2001. Inventories are 8% higher than at the end of 2000 due to seasonal sales patterns.

Accounts payable declined compared with the second quarter of 2000 and with year-end 2000 due to reduced

12

inventory purchases at domestic jeanswear and other business units in the current period as part of their inventory reduction efforts. In addition, accounts payable balances declined compared with the prior year due to disposal of the Wrangler Japan business, which had a higher level of payables than the average VF operating business.

Total long-term debt increased with the issuance of \$500.0 million of five and ten year notes in September 2000. Proceeds from these debt obligations were used to repay short-term borrowings. During the first six months of 2001, the Company made \$107.0 million of scheduled long-term debt payments.

During each of the first two quarters of 2001, the Company repurchased 1.0 million shares of its Common Stock in open market transactions. The total cost was \$72.7 million. Under its current authorization from the Board of Directors, the Company may repurchase up to an additional 2.0 million common shares. Depending on other opportunities that may arise, the Company intends to repurchase approximately 1.0 million shares per quarter over the remainder of the year.

Looking forward to the balance of 2001, sales in the second half could be down slightly from the prior year, reflecting continued slow retail traffic and conservative inventory planning by many of our customers. Management expects some improvement in earnings per share in the second half, so that full year earnings per share would be flat to up slightly over the prior year levels (before restructuring charges and change in accounting policy). Improved operating margins in the third and fourth quarters should reflect the continued turnaround in the Company's Imagewear business, the benefits of actions taken in 2000 to improve profitability and positive earnings contributions from the 2000 acquisitions.

Continuing, management expects cash flow from operations to range from \$450-500 million and capital expenditures to be comparable with the 2000 level. The excess cash flow will be directed toward share repurchases and debt reduction. Net interest expense should be less than \$95 million for the year.

For information regarding the Company's exposure to certain market risks, see Item 7A, Quantitative and Qualitative Disclosures about Market Risk, in the annual report on Form 10-K for fiscal 2000. There have been no significant changes in the Company's market risk exposures since year-end.

CAUTIONARY STATEMENT ON FORWARD-LOOKING STATEMENTS

From time to time, the Company and its representatives may make oral or written statements, including statements in this quarterly report, that constitute "forward-looking statements" within the meaning of the federal securities laws. This includes statements concerning plans and objectives of management relating to the Company's operations or economic performance, and assumptions related thereto.

Forward-looking statements are made based on management's expectations and beliefs concerning future events impacting the Company and therefore involve a number of risks and uncertainties. Management cautions that forward-looking statements are not guarantees and actual results could differ materially from those expressed or implied in the forward-looking statements.

Important factors that could cause the actual results of operations or financial condition of the Company to differ include, but are not necessarily limited to, the overall level of consumer spending for apparel; changes in trends in the segments of the market in which the Company competes; competitive conditions in and the financial strength of the retail industry; actions of competitors that may impact the Company's business; receipt and integration of software developed by outside vendors; and the impact of unforeseen economic changes in the markets where the Company competes, such as changes in interest rates, currency exchange rates, inflation rates, recession, and other external economic and political factors over which the Company has no control.

13

PART II - OTHER INFORMATION

Item 1 - Legal Proceedings

The Company is a party to litigation arising in the ordinary course of its business. In addition, the Company, its subsidiary, The North Face, Inc., and certain of The North Face's former and current officers and directors have been named parties in various purported shareholder actions in California, Colorado and Delaware, including Eng v. Cason, et al., Civil Action No. 810726-0 (California Superior Court, Alameda County), Markus, et al. v. The North Face, Inc., Civil Action No. 99-Z-473 (United States District Court for the District of Colorado), and Polacheck v. VF Corporation, et al. (Court of Chancery, Delaware). The actions allege, among other things, self-dealing, breach of fiduciary duties and violations of federal and state laws. On April 30, 2001, the United States District Court granted final approval of the settlement of the Markus action. On June 26, 2001, the California Superior Court approved the settlement of the Eng action. The North Face has reached an agreement with plaintiffs to settle the Polacheck action. In management's opinion, there are no pending claims or litigation, the outcome of which would have a material adverse effect on the Company's consolidated financial position, results of operations or cash flows.

Corporation (the "Company") to attract, motivate, and retain employees and directors of superior ability and to more closely align the interests of such employees and directors with those of the Company's shareholders by relating compensation to increases in shareholder value.

Barbey, deceased (a "Trust" or the "Trustee"), and (B) any employee benefit plan of the Company or any Subsidiary, or any

entity holding voting securities of the Company for or pursuant to the terms of any such plan (a "Benefit Plan" or the "Benefit Plans"), is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 20% or more of the combined voting power of the Company's then outstanding securities; (ii) there occurs a contested proxy solicitation of the Company's shareholders that results in the contesting party obtaining the ability to vote securities representing 30% or more of the combined voting power of the Company's then outstanding securities; (iii) there occurs a sale, exchange, transfer or other disposition of substantially all of the assets of the Company to another entity, except to an entity controlled directly or indirectly by the Company, or a merger, consolidation or other reorganization of the Company in which the Company is not the surviving entity, or a plan of liquidation or dissolution of the Company other than pursuant to bankruptcy or insolvency laws is adopted; or (iv) during any period of two consecutive years, individuals who at the beginning of such period constituted the Board cease for any reason to constitute at least a majority thereof unless the election, or the nomination for election by the Company's shareholders, of each new director was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period.

Notwithstanding the foregoing, a Change in Control shall not be deemed to have occurred for purposes of this Plan (x) in the event of a sale, exchange, transfer or other disposition of substantially all of the assets of the Company to, or a merger, consolidation or other reorganization involving the Company and officers of the Company, or any entity in which such officers have, directly or indirectly, at least a 5% equity or ownership interest or (y) in a transaction otherwise commonly referred to as a "management leveraged buyout".

the combined voting power of the Company's then outstanding securities solely as the result of an acquisition by the Company or any Subsidiary of voting securities of the Company which, by reducing the number of shares outstanding, increases the proportionate number of shares beneficially owned by such Person to 20% or more of the combined voting power of the Company's then outstanding

2

securities; provided, however, that if a Person becomes the beneficial owner of 20% or more of the combined voting power of the Company's then outstanding securities by reason of share purchases by the Company or any Subsidiary and shall, after such share purchases by the Company or a Subsidiary, become the beneficial owner, directly or indirectly, of any additional voting securities of the Company, then a Change in Control of the Company shall be deemed to have occurred with respect to such Person under clause (i). Notwithstanding the foregoing, in no event shall a Change in Control of the Company be deemed to occur under clause (i) with respect to any Trust or Benefit Plan.

Clauses (i) and (ii) to the contrary notwithstanding, the Board may, by resolution adopted by at least two-thirds of the directors who were in office at the date a Change in Control occurred, declare that a Change in Control described in clause (i) or (ii) has become ineffective for purposes of this Plan if the following conditions then exist: (x) the declaration is made within 120 days of the Change in Control; and (y) no person, except for (A) the Trusts, and (B) the Benefit Plans, either is the beneficial owner, directly or indirectly, of securities of the Company representing 10% or more of the combined voting power of the Company's outstanding securities or has the ability or power to vote securities representing 10% or more of the combined voting power of the Company's then outstanding securities. ARTICLE III SHARES OF COMMON STOCK SUBJECT TO THE PLAN

3.1 COMMON STOCK AUTHORIZED. Subject to the provisions of this Article and Article XI, the total aggregate number of shares of Common Stock that may be issued, pursuant to Awards, shall not exceed 15,900,000 shares (plus additional shares, if any, which, as of the effective date of this Plan or thereafter, are available or become available for award under the Company's 1991 Stock Option Plan and the 1995 Key Employee Restricted Stock Plan); provided, however, that in no event shall the number of shares of Restricted Stock and Restricted Stock Units to be awarded either as Service Awards or Performance Awards under this Plan exceed 1,200,000.

3.2 LIMITATION OF SHARES. For purposes of the limitations specified in Section 3.1, the following principles apply: (a) a decrease in the number of shares which thereafter may be issued or transferred for purposes of Section 3.1 shall result from (i) the delivery of shares of Common Stock upon exercise of a

Stock Option or payment of cash in settlement of a Limited Stock Appreciation Right in any manner, and (ii) the expiration of the risk of forfeiture on Restricted Stock or Restricted Stock Units, including the conversion of Restricted Stock to Stock Units under Section 9.6; (b) shares of Common Stock with respect to which Stock Options and Limited Stock Appreciation Rights expire, are canceled without being exercised, or are otherwise terminated may be regranted under this Plan; and (c) if any shares of Common Stock related to an Award are not issued or, for any reason, cease to be issuable or are forfeited, such shares of Common Stock shall no longer be charged against the limitation provided for in Section 3.1 and shall be available again for grant of Awards.

3.3 SHARES AVAILABLE. At the discretion of the Board or the Committee, the shares of Common Stock to be delivered under this Plan shall be made available either from authorized and unissued shares of Common Stock or shares of Common Stock controlled by the Company, or both; provided, however, that absent such determination by the Board or the Committee to the contrary, in whole or in part, the shares shall consist of the Company's authorized but unissued Common Stock.

6

ARTICLE IV ADMINISTRATION OF THE PLAN

4.1 COMMITTEE. The Plan generally shall be administered by the Organization and Compensation Committee of the Board, or such other Board committee as may be designated by the Board to administer the Plan, subject to this Article IV. The Committee shall consist of two or more Directors. The members of the Committee shall serve at the pleasure of the Board, which shall have the power, at any time and from time to time, to remove members from the Committee or to add members thereto. Vacancies on the Committee, however caused, shall be filled by action of the Board. In appointing members of the Committee, the Board may consider whether a member is or will qualify as a "Non-Employee Director" within the meaning of Rule 16b-3(b)(3) under the Exchange Act and an "outside director" within the meaning of Treasury Regulation 1.62-27(e)(3) under Code Section 162(m), but such members are not required to so qualify at the time of appointment or during their term of service on the Committee. At any time that a member of the Committee does not so qualify, any action of the Committee relating to an award granted or to be granted to a Participant who is then subject to Section 16 of the Exchange Act in respect of the Company, or relating to an award intended by the Committee to constitute "performance-based compensation" within the meaning of Code Section 162(m) and regulations thereunder, may be taken either (i) by a subcommittee, designated by the Committee, composed solely of two or more Directors who so qualify as a "Non-Employee Director" or "outside director" (whichever may apply), or (ii) by the Committee but with each such member who does not so qualify as a "Non-Employee Director" or "outside director" (whichever may apply) abstaining or recusing himself or herself from such action, provided that at least two Directors serving on the Committee remain qualified to act. Such action, authorized by such a subcommittee or by the Committee upon the abstention or recusal of such non-qualified member(s), shall be the action of the Committee for purposes of the Plan. The foregoing notwithstanding, the Board may perform any function of the Committee under the Plan, including transactions with respect to Directors. In any case in which the Board is performing a function of the Committee under the Plan, each reference to the Committee herein shall be deemed to refer to the Board, except where the context otherwise requires.

7

4.2 POWERS. The Committee has discretionary authority to determine the Employees and Directors to whom, and the time or times at which, Awards shall be granted. The Committee also has authority to determine the amount of shares of Common Stock that shall be subject to each Award and the terms, conditions, and limitations of each Award, subject to the express provisions of this Plan. The Committee shall have the discretion to interpret this Plan and to make all other determinations necessary for Plan administration. The Committee has authority to prescribe, amend and rescind any rules and regulations relating to this Plan, subject to the express provisions of this Plan. All Committee interpretations, determinations, and actions shall be in the sole discretion of

the Committee and shall be binding on all parties. The Committee may correct any defect or supply any omission or reconcile any inconsistency in this Plan or in any Agreement in the manner and to the extent it shall deem expedient to carry it into effect, and it shall be the sole and final judge of such expediency.

4.3 AGREEMENTS. Awards shall be evidenced by an Agreement and may include any terms and conditions not inconsistent with this Plan, as the Committee may determine.

4.4 NO LIABILITY. No member of the Board, the Committee or any of its delegates shall be liable for any action or determination made in good faith with respect to this Plan, any Award or any Agreement.

ARTICLE V ELIGIBILITY

5.1 PARTICIPATION. Participants shall be selected by the Committee from the Employees and Directors. Such designation may be by individual or by class.

5.2 INCENTIVE STOCK OPTION ELIGIBILITY. A Director shall not be eligible for the grant of an Incentive Stock Option. In addition, no Employee shall be eligible for the grant of an Incentive Stock Option who owns (within the meaning of Section 422(b) of the Code), or would own immediately before the grant of

8

such Incentive Stock Option, directly or indirectly, stock possessing more than 10 percent of the total combined voting power of all classes of stock of the Company or any Subsidiary.

5.3 LIMIT ON AWARDS. Awards granted to any Employee shall not exceed in the aggregate during any calendar year (a) 500,000 Stock Options (with or without tandem Limited Rights and inclusive of any Limited Rights granted pursuant to Section 11.2) and (b) 50,000 shares of Restricted Stock (subject in each case to adjustment as provided in Article XI).

ARTICLE VI FORMS OF AWARDS

6.1 AWARD ELIGIBILITY. The forms of Awards under this Plan are Stock Options as described in Article VII, Limited Stock Appreciation Rights as described in Article VIII, and Restricted Stock and Restricted Stock Units as described in Article IX. The Committee may, in its discretion, permit holders of Awards under this Plan to surrender outstanding Awards in order to exercise or realize the rights under other Awards.

ARTICLE VII STOCK OPTIONS

7.1 EXERCISE PRICE. The exercise price of Common Stock under each Stock Option shall be not less than 100 percent of the Fair Market Value of the Common Stock on the Date of Grant.

7.2 TERM. Stock Options may be exercised as determined by the Committee, provided that Stock Options may in no event be exercised later than 10 years from the Date of Grant and Incentive Stock Options may not be granted later than 10 years after the applicable date under Section 422(b)(2) of the Code. During the Participant's lifetime, only the Participant may exercise an Incentive Stock Option. The Committee may amend the terms of an Incentive Stock Option at any time to include provisions that have the effect of changing such

9

Incentive Stock Option to a Non-qualified Stock Option, or vice versa (to the

extent any such change is permitted by applicable law).

7.3 METHOD OF EXERCISE. Upon the exercise of a Stock Option, the exercise price shall be payable in full in cash or an equivalent acceptable to the Committee. No fractional shares shall be issued pursuant to the exercise of a Stock Option, and no payment shall be made in lieu of fractional shares. At the discretion of the Committee and provided such payment can be effected without causing the Participant to incur liability under Section 16(b) of the Exchange Act, the exercise price may be paid by assigning and delivering to the Company shares of Common Stock or a combination of cash and such shares equal in value to the exercise price. Any shares so assigned and delivered to the Company in payment or partial payment of the exercise price shall be valued at the closing market price of the Common Stock on the principal exchange or in such other principal market on which the Common Stock is trading on the exercise date. In addition, at the request of the Participant and to the extent permitted by applicable law, the Company in its discretion may selectively approve arrangements with a brokerage firm under which such brokerage firm, on behalf of the Participant, shall pay to the Company the exercise price of the Stock Options being exercised, and the Company, pursuant to an irrevocable notice from the Participant, shall promptly deliver the shares being purchased to such firm.

7.4 LIMITATION OF INCENTIVE STOCK OPTIONS. With respect to Incentive Stock Options, the aggregate Fair Market Value (determined at the Date of Grant) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year (under all stock option plans of the Company and its Subsidiaries) shall not exceed \$100,000, or such other amount as may be prescribed under the Code. If any Stock Option intended to be an Incentive Stock Option fails to so qualify, including under the requirement set forth in this Section 7.4, such Stock Option shall be deemed to be a Non-qualified Stock Option and shall be exercisable in accordance with the Plan and the Stock Option's terms.

10

ARTICLE VIII LIMITED STOCK APPRECIATION RIGHTS

8.1 GRANT. The grant of Limited Stock Appreciation Rights under this Plan shall be subject to the terms and conditions of this Article VIII and shall contain such additional terms and conditions, not inconsistent with the express provisions of this Plan, as the Committee shall deem desirable. A Limited Right is a stock appreciation right which is effective only upon a Change in Control (as defined in Section 2.4) and is payable only in cash. The amount of payment to which any grantee of such a Limited Right shall be entitled upon exercise shall be equal to the difference between the exercise price per share of any Common Stock covered by a Stock Option in connection with, whether or not in tandem, such Limited Right and the "Market Price" of a share of Common Stock. For purposes of this Section 8.1, the term "Market Price" shall mean the greater of (i) the highest price per share of Common Stock paid in connection with the Change in Control and (ii) the highest price per share of Common Stock reflected in the NYSE Transactions Report during the sixty day period prior to the Change in Control. If the Limited Rights are exercised, the tandem Stock Options shall cease to be exercisable to the extent of the Common Stock with respect to which such Limited Rights are exercised.

ARTICLE IX RESTRICTED STOCK

9.1 TYPES OF AWARD. The Committee, in its discretion, is authorized to grant Awards of Restricted Stock and Restricted Stock Units (together, "Restricted Awards") either as Service Awards or Performance Awards. As used herein, the term "Service Award" refers to any Restricted Award described in Section 9.2 and the term "Performance Award" refers to any Restricted Award described in Section 9.3. Restricted Stock shall be nontransferable until such time as all of the restrictions underlying the Award have been satisfied. Subject to Section 3.1, the Committee in its discretion may grant up to 5% of the number of shares of Common Stock available for grant under this Plan as Service Awards or Performance Awards without regard to any minimum vesting

requirement set forth in Section 9.2 or 9.3 except Service Awards shall have a minimum vesting requirement of one year.

9.2 SERVICE AWARD. The Committee may grant shares of Restricted Stock or Restricted Stock Units to a Participant subject to forfeiture upon an interruption in the Participant's continuous service with the Company or a Subsidiary within a specified period (which shall not be less than three years) specified by the Committee. The period during which Restricted Stock Units are subject to a risk of forfeiture may be shorter than the period during which settlement of the Restricted Stock Units is deferred.

9.3 PERFORMANCE AWARD. The Committee may grant Restricted Stock or Restricted Stock Units to a Participant upon the attainment of a Performance Objective as follows: Not later than the applicable deadline under Treasury Regulation 1.162-27(e), the Committee, in its sole discretion, may establish (a) a Performance Award for a Participant for a specified period (which shall not be less than one year) during which performance will be measured (the "Performance Period"), and (b) with respect to such Participant one or more Performance Objectives to be satisfied prior to the Participant's becoming entitled to settlement of such Performance Award for such Performance Period. Any Performance Objective shall be comprised of specified corporate, business group or divisional levels of performance, over the Performance Period, relating to one or more of the following performance criteria: earnings per share; net earnings; pretax earnings; operating income; net sales; market share; balance sheet measurements; cash return on assets; book value; shareholder return, or return on average common equity. In establishing the level of Performance Objective to be attained, the Committee may disregard or offset the effect of such factors as extraordinary and/or nonrecurring items as determined by the Company's outside accountants in accordance with generally accepted accounting principles and changes in accounting standards as may be required by the Financial Accounting Standards Board. Performance Awards may also be granted in the sole discretion of the Committee, if the Company's performance during a specified Performance Period, as measured by one or more of the criteria enumerated in this Section 9.3, as compared to comparable measures of performance of peer companies, equals or exceeds Performance Objectives established by the Committee not later than the applicable deadline under Treasury Regulation

1.162-27(e). No Performance Award shall be settled or paid out to a Participant for a Performance Period prior to written certification by the Committee of attainment of the Performance Objective(s) applicable to such Participant. Notwithstanding attainment of the applicable Performance Objective or any provisions of this Plan to the contrary, the Committee shall have the power, in its sole discretion, to (a) exercise negative discretion to reduce the Performance Award to a Participant for any Performance Period to zero or such other amount as it shall determine; (b) impose service requirements which must be fulfilled by the Participant during the Performance Period or subsequent to the attainment of the Performance Objective; and (c) provide for accelerated settlement or payment of a Performance Award upon a Change in Control or specified terminations of employment.

9.4 DELIVERY. If a Participant, with respect to a Service Award, continuously remains in the employ of the Company or a Subsidiary for the period specified by the Committee, or, with respect to a Performance Award, if and to the extent that the Participant fulfills the requirements of the Performance Objective and any service requirements as may be imposed by the Committee, the shares awarded to such Participant as Restricted Stock shall be delivered to such Participant without any restrictions promptly after the applicable event, and the risk of forfeiture applicable to Restricted Stock Units shall end and such Restricted Stock units shall then and thereafter be settled in accordance with the terms of such Restricted Stock Units (including any elective deferral of settlement permitted by the Committee). The foregoing notwithstanding, the Committee may determine that any restrictions and/or deferral period applicable to a Restricted Award shall be deemed to end or have ended on an accelerated basis at the time of the Participant's death while employed or serving as a Director or upon the Participant's termination of employment or service due to

disability or following a Change in Control.

9.5 SHAREHOLDER RIGHTS. Except as otherwise provided in this Plan, each Participant shall have, with respect to all shares of Restricted Stock, all the rights of a shareholder of the Company, including the right to vote the Restricted Stock; provided, however, that all distributions payable with respect to the Restricted Stock shall be retained by the Company and reinvested in additional shares of Common Stock to be issued in the name of the Participant. Any

13

shares of Common Stock acquired as a result of reinvestment of such distributions shall also be Restricted Stock subject to the terms and conditions of this Plan. A Participant shall have no rights of a shareholder relating to Restricted Stock Units or Stock Units until such time as shares are issued or delivered in settlement of such Restricted Stock Units or Stock Units.

9.6 DEFERRAL OF RECEIPT OF RESTRICTED STOCK. A Stock Unit, whether or not restricted, shall represent the conditional right of the Participant to receive delivery of one share of Common Stock at a specified future date, subject to the terms of the Plan and the applicable Agreement. Until settled, a Stock Unit shall represent an unfunded and unsecured obligation of the Company with respect to which a Participant has rights no greater than those of a general creditor of the Company. Unless otherwise specified by the Committee, each Stock Unit will carry with it the right to crediting of an amount equal to dividends and distributions paid on a share of Common Stock ("dividend equivalents"), which amounts will be deemed reinvested in additional Stock Units, at the Fair Market Value of Common Stock at the dividend payment date. Such additional Stock Units will be subject to the same risk of forfeiture, other restrictions, and deferral of settlement as the original Stock Units to which such additional Stock Units directly or indirectly relate. Unless the Committee determines to settle Stock Units in cash, Stock Units shall be settled solely by issuance or delivery of shares of Common Stock. The Committee may, in its sole discretion, permit Participants to convert their Restricted Stock into an equivalent number of stock units as of the date on which all applicable restrictions pertaining to the Restricted Stock would either lapse or be deemed satisfied (the "Vesting Date"). Any such request for conversion must (a) be made by the Participant at least six months prior to the Vesting Date and (b) specify a deferral date which is no earlier than the earlier of (i) the Participant's termination of employment or (ii) the first anniversary of the Vesting Date.

ARTICLE X FORFEITURE AND EXPIRATION OF AWARDS

10.1 TERMINATION OF EMPLOYMENT OR SERVICE. Subject to the express provisions of this Plan and the terms of any applicable Agreement, the Committee, in its discretion, may provide for the forfeiture or continuation of any Award for such period and upon such terms and conditions as are determined by the Committee in the event that a Participant ceases to be an Employee or Director. In the absence of Committee action or except as otherwise provided in an Agreement, the following rules shall apply:

(a) With respect to Stock Options granted to Employees, in the event of Retirement, the Stock Options shall continue to vest according to the original schedule, but no Stock Options may be exercised after the expiration of the earlier of the remaining term of such Stock Options or 36 months (12 months in the case of Incentive Stock Options) following the date of Retirement; in the event of permanent and total disability, the Stock Options shall continue to vest according to the original schedule, but no Stock Options may be exercised after the expiration of the earlier of the remaining term of such Stock Option or 12 months following the date of permanent and total disability; in the event of death, Stock Options held at the time of death by the Participant may be exercised by the estate or beneficiary of such Participant until the expiration of the earlier of the remaining term of such Stock Options or three years from the date of death; in the event of the

Participant's voluntary separation of employment, the Stock Options shall terminate and be forfeited as of the date of separation of employment; in the event of the Participant's involuntary separation of employment, the Stock Option shall be exercisable until the end of the period of the Participant's receipt of installments of severance pay, if any, from the Company; in the event of an involuntary separation of employment without severance pay or if severance pay is paid in a lump sum, the Stock Options shall not be exercisable after the date of separation of employment;

(b) With respect to Limited Rights granted to Employees, in the event of Retirement or permanent and total disability, the Limited Rights shall continue in effect for six months following separation of service, and such Limited Rights may be exercised during such six month period; in the event of the Participant's death or voluntary separation of service, the Limited Rights shall terminate as of the date of separation from employment; provided that Limited

15

Rights pursuant to Section 8.1 may be exercised in accordance with their terms by the holder thereof who separated from employment following a Change in Control, without respect to the separation of employment of such holder; and

(c) With respect to Restricted Awards granted to Employees, in the event of a Participant's voluntary or involuntary separation before the expiration of the employment period specified by the Committee, with respect to Service Awards, or before the fulfillment of the Performance Objective and any other restriction imposed by the Committee, with respect to Performance Awards, any shares of Restricted Stock shall be returned to the Company and any Restricted Award shall be deemed to have been forfeited by the Participant as of the date of such separation.

10.2 LEAVE OF ABSENCE. With respect to an Award, the Committee may, in its sole discretion, determine that any Participant who is on leave of absence for any reason shall be considered to still be in the employ of the Company, provided that rights to such Award during a leave of absence shall be limited to the extent to which such rights were earned or vested when such leave of absence began.

ARTICLE XI ADJUSTMENT PROVISIONS

11.1 SHARE ADJUSTMENTS. If the number of outstanding shares of Common Stock is increased, decreased, or exchanged for a different number or kind of shares or other securities, or if additional, new, or different shares or other securities are distributed with respect to such shares of Common Stock or other securities, through merger, consolidation, sale of all or substantially all of the assets of the Company, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split, or other distribution with respect to such shares of Common Stock or other securities, an appropriate adjustment in order to preserve the benefits or potential benefits intended to be made available to the Participants may be made, in the discretion of the Committee, in all or any of the following (i) the maximum number and kind of shares provided in Section 3.1 and the number of Awards that may be granted to an Employee in the specified period under Section 5.3; (ii) the number and kind of shares or other securities

16

subject to then outstanding Awards; and (iii) the price for each share or other unit of any other securities subject to then outstanding Awards. The Committee may also make any other adjustments, or take such action as the Committee, in its discretion, deems appropriate in order to preserve the benefits or potential benefits intended to be made available to the Participants. Any fractional share resulting from such adjustment may be eliminated.

11.2 CORPORATE CHANGES. Subject to Article XIII, upon (i) the dissolution or liquidation of the Company; (ii) a reorganization, merger, or

consolidation (other than a merger or consolidation effecting a reincorporation of the Company in another state or any other merger or consolidation in which the shareholders of the surviving Company and their proportionate interests therein immediately after the merger or consolidation are substantially identical to the shareholders of the Company and their proportionate interests therein immediately prior to the merger or consolidation) of the Company with one or more corporations, following which the Company is not the surviving Company (or survives only as a subsidiary of another Company in a transaction in which the shareholders of the parent of the Company and their proportionate interests therein immediately after the transaction are not substantially identical to the shareholders of the Company and their proportionate interests therein immediately prior to the transaction); (iii) the sale of all or substantially all of the assets of the Company; or (iv) the occurrence of a Change in Control, subject to the terms of any applicable Agreement, the Committee serving prior to the date of the applicable event may, to the extent permitted in Section 3.1 of this Plan, in its discretion and without obtaining shareholder approval, take any one or more of the following actions with respect to any Participant:

- (a) accelerate the exercise dates of any or all outstanding Awards;
- (b) grant Limited Rights to holders of outstanding Stock Options;
- (c) eliminate any and all restrictions with respect to outstanding Restricted Awards;
- (d) pay cash to any or all holders of Stock Options in exchange for the cancellation of their outstanding Stock Options and cash out all outstanding stock units;
- (e) grant new Awards to any Participants; or

17

- (f) make any other adjustments or amendments to outstanding Awards or determine that there shall be substitution of new Awards by such successor employer Company or a parent or subsidiary company thereof, with appropriate adjustments as to the number and kind of shares or units subject to such awards and prices.

11.3 BINDING DETERMINATION. Adjustments under Sections 11.1 and 11.2 shall be made by the Committee, and its determination as to what adjustments shall be made and the extent thereof shall be final, binding, and conclusive.

ARTICLE XII GENERAL PROVISIONS

12.1 NO RIGHT TO EMPLOYMENT. Nothing in this Plan or in any instrument executed pursuant to this Plan shall confer upon any Participant any right to continue in the employ of the Company or a Subsidiary or affect the Company's or a Subsidiary's right to terminate the employment of any Participant at any time with or without cause or any right to continue to serve as a Director of the Company or affect any party's right to remove such Participant as a Director.

12.2 SECURITIES REQUIREMENTS. The Company shall not be obligated to issue or transfer shares of Common Stock pursuant to an Award unless all applicable requirements imposed by federal and state laws, regulatory agencies, and securities exchanges upon which the Common Stock may be listed have been fully complied with. As a condition precedent to the issuance of shares pursuant to the grant or exercise of an Award, the Company may require the Participant to take any reasonable action to meet such requirements.

12.3 NO RIGHT TO STOCK. No Participant and no beneficiary or other person claiming under or through such Participant shall have any right, title, or interest in any shares of Common Stock allocated or reserved under this Plan or subject to any Award except as to such shares of Common Stock, if any, that

have been issued or transferred to such Participant.

18

12.4 WITHHOLDING. The Company or a Subsidiary, as appropriate, shall have the right to deduct from all Awards paid in cash any federal, state, or local taxes as required by law to be withheld with respect to such cash payments. In the case of Awards paid in Common Stock, the Participant or other person receiving such Common Stock may be required to pay to the Company or a Subsidiary, as appropriate, the amount of any such taxes which the Company or Subsidiary is required to withhold with respect to such Common Stock. Also, at the discretion of the Committee and provided such withholding can be effected without causing the Participant to incur liability under Section 16(b) of the Exchange Act, the Participant may (i) direct the Company or Subsidiary to withhold from the shares of Common Stock to be issued or transferred to the Participant the number of shares necessary to satisfy the Company's or Subsidiary's obligation to withhold taxes, such determination to be based on the shares' Fair Market Value as of the date on which tax withholding is to be made, (ii) deliver sufficient shares of Common Stock (based upon the Fair Market Value at the date of withholding) to satisfy the withholding obligations, or (iii) deliver sufficient cash to satisfy the withholding obligations. Participants who elect to use such a stock withholding feature must make the election at the time and in the manner prescribed by the Committee.

12.5 NO DISPOSITION. No Award under this Plan may be the subject of any Disposition (excluding shares of Common Stock with respect to which all restrictions have lapsed), other than by will or the laws of descent or distribution. Any attempted Disposition in violation of this provision shall be void and ineffective for all purposes. Notwithstanding the foregoing, the Committee may, in its sole discretion, permit a Participant to transfer a Non-qualified Stock Option (and any related limited right) to (a) a member or members of the Participant's immediate family, (b) a trust, the beneficiaries of which consist exclusively of members of the Participant's immediate family, (c) a partnership, the partners of which consist exclusively of members of the Participant's immediate family, or (d) any similar entity created for exclusive benefit of members of the Participant's immediate family.

12.6 SEVERABILITY; CONSTRUCTION. If any provision of this Plan is held to be illegal or invalid for any reason, then the illegality or invalidity shall not affect

19

the remaining provisions hereof, but such provision shall be fully severable and this Plan shall be construed and enforced as if the illegal or invalid provision had never been included herein. Headings and subheadings are for convenience only and not to be conclusive with respect to construction of this Plan.

12.7 GOVERNING LAW. All questions arising with respect to the provisions of this Plan shall be determined by application of the laws of the Commonwealth of Pennsylvania, except as may be required by applicable federal law.

12.8 OTHER DEFERRALS. The Committee may permit selected Participants to elect to defer payment of Awards in accordance with procedures established by the Committee including, without limitation, procedures intended to defer taxation on such deferrals until receipt (including procedures designed to avoid incurrence of liability under Section 16(b) of the Exchange Act). Any deferred payment, whether elected by the Participant or specified by an Agreement or by the Committee, may require forfeiture in accordance with stated events, as determined by the Committee.

ARTICLE XIII AMENDMENT AND TERMINATION

13.1 AMENDMENTS; SUSPENSION; TERMINATION. The Board may at any time amend, suspend (and if suspended, may reinstate) or terminate this Plan; provided, however, that after the shareholders have approved this Plan in

accordance with Section 14.1, the Board may not, without approval of the shareholders of the Company, amend this Plan so as to (a) increase the number of shares of Common Stock subject to this Plan except as permitted in Article XI or (b) reduce the exercise price for shares of Common Stock covered by Stock Options granted hereunder below the applicable price specified in Article VII of this Plan or (c) materially increase benefits under this Plan (within the meaning of Rule 16b-3 of the Securities and Exchange Commission as in effect prior to August 15, 1996); and provided further, that the Board may not modify, impair or cancel any outstanding Award in a manner that materially and adversely affects a Participant without the consent of such Participant.

20

ARTICLE XIV
DATE OF PLAN ADOPTION

14.1 DATE OF PLAN ADOPTION. This Plan has been adopted by the Board effective December 3, 1996, subject to shareholder approval. Options may be granted under the Plan prior to such shareholder approval, but if the requisite shareholder approval is not obtained, then the Plan shall become null and void ab initio and of no further force or effect and such Awards shall be canceled. This Plan shall continue in effect with respect to Awards granted before termination of this Plan and until such Awards have been settled, terminated or forfeited.
